Ready to Work

TSTA is publishing and/or distributing candidate brochures as a service to its members in order to ensure a fully informed electorate. All candidates were provided with an equal opportunity to submit brochures to TSTA for distribution. This brochure was prepared by candidate Francisco Dionisio and solely reflects the views and opinions of the candidate, and not those of TSTA or its affiliates. Francisco Dionisio is solely responsible for the content.

Why Run?

I have a vision of an America where *educators should not have to work multiple jobs* to support their families; where our *educators should not have to worry about their college debt*, but instead can focus on educating their kiddos; where Americans have an *experienced Secretary of Education* and a *President that supports fully funded public education*; where our *students feel safe, loved, and secured* in our classrooms; and where *every educator is respected* and trusted as much as a doctor or lawyer is. But overall, I am running because *I want my son to grow up in a great public school.*

I will FIGHT and I will WORK to see the NEA carry out this vision.
